2. Starting up GstarCAD 2018

2.1. The User Interface

You can enjoy working at GstarCAD 2018 environment in different ways. You can display and rearrange elements like the toolbars, display the command bar, switch between workspaces, change the interface themes and enable the status bar. The toolbars and command bar can also be floated anywhere on the screen or docked as well.

2.1.1. Quick Access Toolbar

Display the frequently used tools like: New, Open, Save, Undo, Redo, Save As, Plot, Plot Preview and Help. Moreover you can customize it (adding more commands from the drop-down button) or showing it below/above the ribbon.

2.1.2. Workspace Switching

Switch between two workspaces (2D Drafting and GstarCAD Classic).
